

KICKS AND BEATS HELPLESS WIFE

John Murphy Arrested After
Spouse Recovers Con-
sciousness.

TAKES MONEY FOR WHISKY

WIFE NEEDED WAGES FROM
WASHING TO BUY FOOD.

After beating his wife into unconsciousness so that she lay helpless for over a day, John Murphy, 35 years of age, living at 515 South Street, was arrested yesterday by Police Officers George Moore and Davidson, on the charge of drunkenness. His wife, according to her statement, will file a complaint against him today charging him with assault and battery. Leaving the house after attacking his wife Saturday, he returned home yesterday afternoon under the influence of liquor. Mrs. Murphy telephoned the police and had him taken from a couch on which he lay asleep.

After waiting hard all day Saturday, Mrs. Murphy told Police Officer Moore, that she came home at night with her earnings. Her husband was waiting for her and asked her to give him the money.

Would Let Wife Go Hungry.

"I only had a dollar," Mrs. Murphy said, "and I offered him half of the amount. This did not satisfy him, he wanted it all. He was under the influence of liquor at the time and I was afraid of him. He asked why I would not give it all to him, and I told him there was nothing in the house to eat. He said he did not care, but I told him I intended to eat and was going to buy some vegetables."

"This made him angry and he jumped onto me and knocked me down. He kicked me in the back and put his knee on my breast, beating me all the time with his fists. You look at me, I am black and blue all over and so sore I can hardly walk. I intend to have him prosecuted for beating me."

"My husband is a drunken man, he has only worked three days in the past several months. I have supported him by doing washing and when he did work I never saw any of the money."

Voman Bruised and Bloody.

Officer Moore examined Mrs. Murphy's wounds and she said she was secured by the neighbors to attend her. Her breast is black and blue and shows the marks of the husband's shoes. The skin is broken in several places and the woman's clothes were covered with blood. Mrs. Murphy's eyes were black and blue and her face bruised and marked. She says that her scalp was almost torn off and that the top of her head is so sore she can hardly touch it. She was confined to her bed Sunday and it was not until yesterday morning that some of her neighbors came and helped her. The fair was reported to the police and Murphy was arrested as soon as he returned home.

When Murphy was arrested he was drunk and had no money. It is said that he has spent every cent of his wife's money that he could get in the way of whisky, and that she has supported him for months. The neighbors say that he is continually making trouble and that this is not the first time he has beat his wife.

LAW FOR THE DOG-FIGHTERS

State Humane Society Takes Steps
to Prosecute Men Promoting
Recent Battle.

Active steps have been taken by the state humane society to prosecute the promoters of the dog fight that took place Sunday, and which was attended by about 200 spectators from the state. Its president, Dr. T. B. Beatty, has asked County Attorney P. P. Christensen to issue a warrant for the arrest of the promoters of the fight for cruelty to animals. County Attorney Christensen went to Pincham yesterday and while he is there he will investigate the matter. The case is in the hands of the sheriff and deputies are working on it.

BICYCLE EXCURSION TO OGDEN

GREEK MUST STAND TRIAL.

Man Who Kept Fawn From Starving
Is Accused of Offense.

A complaint was filed in Justice Dana T. Smith's court yesterday charging Hysa Fetkors, a Garfield Greek, with confining a young fawn contrary to the statute made and provided. Fetkors explained to the deputy game warden that the fawn was starving, and that he took it to his home and fed it and doctor pet of it. That explanation, however, did not prevent the representative of the law's anxiety from filing a complaint against the Greek.

NINE GREEKS ARRAIGNED

Evidence Is Being Taken in Cases
Against Twenty-Nine Charged
With Inciting Riot.

Nine of the Greek rioters who were arrested two weeks ago at Garfield by Sheriff C. F. Emery and his deputies, were arraigned yesterday before Justice Dana T. Smith on the charge of inciting a riot. The entire afternoon was consumed in taking evidence in their cases. The state rested its case and the prosecution will offer its testimony at 10 o'clock this morning, when the cases will be resumed.

The following were arraigned yesterday: George Pappas, George Nemas, William Macaros, George Macaros, George Roumeliotis, George Giamalis, and Nick George. The defendants were represented by Judge William H. King, Samuel A. King and E. O. Leatherwood. Assistant Attorney Job Lyon is prosecuting the case.

Deputy Sheriff Walter Reed, J. C. Knight, assistant superintendent of construction; Joseph Jordan, master bridge carpenter, and Edward W. Cornish, warehouse man, were the principal witnesses in the case for the state. Their testimony showed that several of the Greeks armed themselves with clubs and pieces of rails and started to drive all the employees out of the construction camps. Assistant Superintendent Knight was assaulted by two Greeks, who were armed with short pieces of iron rails. They struck at him several times. Corneil testified that he saw one of the Greeks knock Knight down. Mr. Knight testified, however, that he tripped and fell in attempting to get out of their clutches.

The court room was filled with Greeks. They lounged about on the chairs, others leaned up against the wall and some sprawled about on the floor. There were three Greek interpreters in court who were sworn in.

In all there are twenty-nine cases to be tried before the court and it is expected that they will consume at least ten days. After the evidence was taken, Judge Smith placed the defendants arraigned yesterday under \$1,000 bonds. In default they were committed to the county jail.

WOULD ADJUST TAXATION

Civic Improvement League Favors
Adding to Valuation of Real
Estate.

That the taxation of real estate should be increased and that on improvements decreased was a sentiment generally expressed last night at a meeting of the board of governors of the civic improvement league. Those present believed that in this way men would be encouraged to improve their property and not hold it up for speculation. The matter was referred to the laws committee for a suggestion as to how to carry out the idea.

The board of governors decided to ask the city council, if it be legal, to take care of the parking on Brigham street. The board of governors decided to ask the city council, if it be legal, to take care of the parking on Brigham street. The board of governors decided to ask the city council, if it be legal, to take care of the parking on Brigham street.

Orson H. Hewlett was placed on the committee in place of Mrs. Ledyard M. Bailey, who has gone east, to make the award of The Herald prizes for well kept yards. The present committee was authorized to add two more to its number.

It was decided to send a letter to the city council thanking it for its decision to repair the paved streets; also to the police department for vigilance in taking in stray cows and horses.

TWO COLONELS ARE HURT

Messrs. Shaughnessy and Treweek
Take Painful Ride on a
Toy Railroad.

Colonel Michael Shaughnessy and Colonel Nicholas Treweek figured in an accident at Calder's park yesterday afternoon, in which Colonel Shaughnessy had a broken leg and Colonel Treweek one of his hands injured.

The two colonels went to the park accompanied by P. Reed of the Utah Light & Railway company. The park manager invited them to take a ride on the miniature railway, and they accepted the invitation. Then the manager told the engineer to "cut loose" and give the riders the benefit of all the speed he could make.

In rounding a curve at a rapid speed the rear car, in which the two colonels were riding, was jerked and pulled with it to the car next to it. Cars and colonels were piled up in a heap. They were soon extricated and brought to town, where a physician dressed their injuries. Both were resting easily last night.

Phobias were injured other passengers on the train, but none was injured.

WILL CATCH WILD HORSES

Joseph Hatch of Heber Will Try to
Rid Ranchers of a
Nuisance.

Joseph Hatch of Heber is undertaking the marketing of 6,000 to 7,000 horses ranging wild in eastern Utah and western Colorado. The horses are the descendants of the Indian horses, and in-breeding has made many of them small and of little account. Mr. Hatch is trying to round them up.

Several attempts have been made to dispose of the horses. When Major H. P. Payson was in charge he tried to dispose of them to a packing house in the northwest for use as food in the Japanese war. That deal, however, fell through.

Mr. Hatch has been in the city several days and left for his home yesterday.

SESSION IS OVER.

Board of Equalization Completes Its
Labors and Adjourns.

The county board of equalization included its labors yesterday. During session it reduced the assessments made by the county assessor in the amount of \$23,000. Last year the board reduced the assessor's valuation \$26,043. Thus the abatement this year was \$23,944 less than it was last year. The board also abated tax upon indigents amounting to \$4,425, as against \$4,010 abated last year.

COTTIES FIGHT OF BOGUS MONEY

Two Men Arrested for Passing
Counterfeit Bills Nearly
Covered With Them.

ARE CAUGHT IN MURRAY

FOLLOWED BY SALOONKEEPER
THEY HAD VICTIMIZED.

Edward Cook, 23 years of age, and Frank Rowley, 27 years of age, were arrested by Deputy Sheriff William Caldwell at Murray about 10 o'clock last night for passing counterfeit money. They were caught after being followed for several blocks by Thomas Gallagher, one of their victims.

When the men were searched at the county jail by Sheriff Frank Emery and Deputy Sheriff Joseph Sharp \$1,050 in counterfeit bills of \$5 and \$10 denominations were taken from them. Some of the bills were tucked about in their clothing. Several were found in their shoes. Their coat sleeves, hat bands and waist lining were covered with them. The bills bore the name of the Merchants & Planters National bank of Savannah, Ga. Most of them were of the \$5 denomination, but they were apparently secured from some "green goods" company.

Cook says that he and the \$50 he had at the faro bank in the Palace gambling house in Reno. He says he came to Salt Lake last Sunday morning and met Rowley here. Cook had a pair of new shoes, new underclothes and stockings on. He says that he bought them here. In Salt Lake Sheriff Emery was refused him the men operated here Monday afternoon and succeeded in passing several bills. Rowley had first the \$50 he had with him \$300 last week from the east. He then changed his story, saying that Cook gave him the money. Rowley is an opium eater. A large piece of opium was found in a sack tied around his neck. When this was taken from him he begged for a small piece, but it was refused him. He was under the influence of opium when arrested. Rowley had \$19 in silver on him, which he changed as change after cashing two \$10 bills.

Trailed by Gallagher.

Cook and Rowley entered Thomas Gallagher's saloon about 7 o'clock last night. The bar was crowded and they ordered drinks. Rowley threw down a \$10 bill and received his change. Gallagher was busy at the time and did not particularly notice the bill. When he went to put it in the cash register, however, he noticed it and looked at it against the electric light and decided that it was bad. He looked around the barroom for the men, believing they had gone. Putting on his hat he went out to look for them. He saw them coming out of the saloon and he stepped inside and asked the bartender who the men were. He replied that he did not know. The bartender said that they bought a drink and handed him a \$10 bill, which he had changed for \$20.

The men went across the street to Shirley Cahoon's drug store. They stepped change for two \$10 bills. Mr. Cahoon was about to change the bills but Gallagher's approach he was refused him. Cahoon caught his meaning and said that he did not have change for one bill. He could not change the \$10 bill. From Cahoon's drug store the men turned west and walked down by the city hall. Gallagher followed them. Just above the courthouse Gallagher saw a man who he recognized as one of the men who had passed bad looking bills. When the men got in front of the city hall Caldwell grabbed one of the men and the other. They were taken into the city hall where they were searched. Caldwell saw Rowley poke something in the lining of his cravat. Ten bills were taken from the cravat. Two bills were taken from his hat band and two more bills were found in one of his socks.

Sheriff Emery was notified and Deputy Sheriff Sharp was sent after them. Marshal Michael Mauss had taken the men into custody and locked them in the city hall. Caldwell saw Rowley poke something in the lining of his cravat. Ten bills were taken from the cravat. Two bills were taken from his hat band and two more bills were found in one of his socks.

Have \$1,050 on Them.

The men were stripped and searched again at the county jail. Bills were taken out of their cravats and hats and coats and several bills were pinned on their underclothes. In all there was \$1,050 in counterfeit bills.

A man went into the general merchandise store of George A. Sanders at Murray about 8 o'clock last night and attempted to change a bill. He pulled out three \$10 bills but Sanders was unable to give him change. Sanders saw Cook and Rowley after their arrest but said that neither of them was the man who came into his place of business. Marshal Mauss is looking for the man who this man who supposed to be a partner of Cook and Rowley.

Cook and Rowley talked but little about their case. They said, however, that they were in San Francisco at the time of the earthquake. Rowley said he left San Francisco three or four years ago and remained there until about two weeks ago. He came to Butte and Friday said he came to Salt Lake, where he met Cook. Cook says that he remained in San Francisco about a month after the disaster took place and then went to Reno, Nev., where he won the money.

Complaints will be filed against them today charging them with passing counterfeit money.

AMUSEMENTS

"The Girl I Left Behind Me," which opened so auspiciously at the Orpheum Monday night, bids fair to close tonight before a large audience. As it is, there is already a heavy matinee bespoken for this afternoon. Herschel Mayall, Miss Stuart and the rest of the talented company are doing some excellent work in this play. Tomorrow there will be a special matinee, when "Old Heidelberg" will be the bill, running until Friday night. Herschel Mayall plays the dashing crown prince and Miss Stuart of course, opposite him in the role of the impenetrable daughter.

Johnson's pictures at the Theatre pleased and amused the last night. There will be a matinee and evening performance today.

Casino park is playing to capacity on these warm nights. The Jane Kelson company having made a distinct hit in "Why Sailors Love Me," and the good vaudeville acts are introduced between the acts.

Mounts Pickles sweet or sour for any occasion. The basket lunch or carefully prepared dinner.

BANK SHOWS GROWTH.

Commercial National Has Big Increase in Its Deposits.

The Commercial National bank has issued a neat circular telling by figures of its growth.

The deposits show an increase of nearly \$1,000,000 in a little over a year. May 23, 1905, they were \$1,537,478.31, and June 18 last they were \$2,525,144.02.

MRS. CAROLINE G. HILL DIES

Widow of Late Patriarch Archibald
N. Hill Succumbs to Pto-
maine Poisoning.

Mrs. Caroline Graham Hill, widow of the late patriarch Archibald N. Hill, died suddenly of ptomaine poisoning yesterday at her home, 573 North Fifth West street. Mrs. Hill was a native of Alabama and

was born March 15, 1841. Her parents were converted to Mormonism in the early days and she accompanied them to Nauvoo and later took up the march west, arriving here in 1852. Her mother died in the plains. She was married on March 7, 1857, and continued to reside in Salt Lake until her death. She was the mother of five children, three of whom survive here. These are Percy A. Hill of this city, Mrs. Nephi Cross of Ogden and Martha E. Hill of Salt Lake.

The funeral will take place at the twenty-eighth ward meeting-house on Thursday afternoon at 2 o'clock.

If you want the children to enjoy themselves, just send them to Calder's.

CHEESE RETURNED TO STORE

Pet "American" Grocer Accepts It
After It Has Been Delivered
to Pesthouse.

That twenty-six pounds of cheese after being delivered to the isolation hospital, where smallpox patients are confined, was returned to B. D. Blackmar, the pet grocer of the "American" health department and accepted by him is shown by Blackmar's bill for April, which was approved by the city council Monday night.

The cheese was delivered and returned during the month of March. It was paid for once by the city after it had been returned, but in the agitation raised by Councilman Arthur F. Barnes and John Holley, the fact that the cheese had been returned was discovered, so Mr. Blackmar was forced to deduct the amount from his April bill.

SALT LAKE AGAINST LAW

Karl A. Scheid Charges Inspect-
tor Gamble With Neglect
of His Duties.

Complaint that City Building Inspector D. W. Gamble is permitting a violation of the building laws in the construction of a building which W. J. Halloran, a member of the "American" board of public works, is putting up on Second South street adjoining the Wilson hotel on the west, is made by Karl A. Scheid, surveyor for the Pacific Board of Underwriting.

In a letter to Mr. Gamble, Mr. Scheid declares that he will report this violation to the city ordinance which forbids the construction of walls of any material except brick, stone, concrete, or what is known as approved steel construction.

The construction of the wall of the building is in question merely of expanded metal, which is not a material which is allowed under any circumstances. To my mind it is little short of criminal to allow within the congested district a structure so incapable of withstanding the assault of the present deplorable practice.

"As you are probably aware, Salt Lake is enjoying an exemption from the 25 per cent duty on insurance rates quite generally made throughout the country. This is largely because surveyor's report of the city, filed with the executive committee of the board of directors of the building laws are well enforced. I should very much dislike to report to the committee that I present deplorable practice are allowed to continue I simply become derelict in my duty if I fail to do so."

"The building is a violation of the city ordinance which forbids the construction of walls of any material except brick, stone, concrete, or what is known as approved steel construction."

"Let us profit by the experience of others: and in these days when other cities are suffering from the ravages of fire, let us do our best to prevent such a calamity from befalling us."

"The building is a violation of the city ordinance which forbids the construction of walls of any material except brick, stone, concrete, or what is known as approved steel construction."
